

*I*t has been 44 years since Roe vs. Wade became legal in 1973.

With that infamous decision, over 59 million babies have been aborted and two generations have grown up knowing nothing other than abortion on demand. Some believe that the issue of abortion will never be overturned and the struggle to win the hearts of Americans is a battle that cannot be won. The truth is that the struggle to save and change lives is being won - one heart and one life at a time. That is the mission of the **Hope Pregnancy Center!**

At the Hope Pregnancy Center, we share the truth of the Sanctity of Life with everyone who comes to the center. We offer free pregnancy tests, limited ultrasound and peer counseling that is touching hearts and saving lives. Since the center opened, 1500 babies have been saved from abortion and 275 women have accepted Jesus as their personal Savior!

It has been 40 years that our country has endured abortion on demand, but now is not the time to give-up, slow down or turn back. Now is the time to forge ahead and remain committed. Join the ministry of the Hope Pregnancy Center today - **every life saved is a victory!**
