

Whenever there is a debate,

the side that is able to define the language and terms used, always wins. Words have meaning and words are filled with power.

This is true in politics, public policy and why people make the decisions they do. Words have meaning! This is especially seen in the debate concerning the unborn. Those that advocate for abortion have been allowed to define the words used in our national debate.

The issue is not about a “baby”, but about “choice”. It is a “woman's right” rather than a separate “human life”. Instead of a “baby”, that which is in the womb, it is “a mass of cells” or the “product of conception”. Because the language accepted in our culture is deceptive, people have believed a lie and millions of lives have been lost.

At the **Hope Pregnancy Center**, we share the truth that life begins at conception and every life is sacred and unique. Because we understand that abortion ends human life, we exist to help save and change lives.

We offer FREE pregnancy Tests, Limited Ultrasounds, Confidential Peer Counseling, Material Assistance and so much more. As we serve as an outreach arm of the church, we need your help. Join us as a volunteer, a prayer partner, and a financial supporter.

Together, we can help people CHOOSE LIFE!
