

When a positive pregnancy test is a crisis...

Many women choose abortion as a way to escape the consequences of an unplanned pregnancy. They are often scared and feel alone. They wonder if there is any hope to their situation.

The good news is that there is HOPE at the Hope Pregnancy Center. The Hope PC exists to let women of all ages know that an unplanned pregnancy is not the end of the world. The staff and volunteers at Hope are loving and caring people, who know and understand that God can take a seemingly hopeless situation and turn it into a blessing, if He is allowed. Through real compassion and unconditional love, the women that come to the Hope PC find a safe place where they experience hope, help and real answers. **To help more women find hope, we need your help.**

555 N. Main St. Anywhere
Rising Sun, OH 55505

You can help by:

- Donating funds
- Donating baby items
- Have a baby shower
- Become a church liaison
- Become a volunteer
