

The Greatest Choice...

Our society is all about choice. Choice is promoted in entertainment, automobile options, what we wear and so much more. Unfortunately, when it comes to an unplanned pregnancy, real choice is sought to be silenced by abortion. Abortion is promoted as the only popular response to an unplanned pregnancy.

The truth however, is that abortion is not the answer to an unplanned pregnancy. Abortion leaves women full of regret and a life is always lost. Choosing life though opens a whole new world of love and joy that is a blessing from the Lord. At the Hope Pregnancy Center, we exist to share the message of life with women that are scared, overwhelmed and searching for help. But in order for women to make a choice for life, they need to know that they are not alone. With your help, even more women can say,

“Choosing life was the greatest decision I ever made.”

At the Hope Pregnancy Center lives are being saved and changed every day. To offer hope, we need volunteers, counselors and donations. We do everything by faith, and we rely upon the generous donations of individuals, churches and businesses.
